Question 4

4. Chapter 6 of the strategy has been rewritten as a result of the new environmental modelling work. This concludes, from an environmental perspective, that the procurement scenario is the best overall option for managing municipal waste in North London. However, this scenario is more expensive than the partnership scenario which had been selected in 2004. Do you think that the Partner Authorities should:

- a) Progress with the procurement scenario?
- b) Go back to the partnership scenario?
- c) Adopt one of the other scenarios?
- d) Or do you suggest any alternatives to the above?
