NORTH LONDON WASTE AUTHORITY – 28th APRIL 2004

FUTURE REPORTS

1. Introduction

1.1 Members have previously asked that a mechanism be created to allow the Authority to identify future reports and matters which would be considered at future meetings.

1.2 Officers have therefore identified those items of which they are aware, and these have been collated in the appendix to this report.

1.3 It is intended that this report will be updated for every meeting and that new and looming items will be added to the list over time.

1.4 Members are asked to remember, however, that the list will not be comprehensive as items for Authority consideration sometimes become apparent at short notice. Nonetheless, officers will undertake to keep it as accurate as possible.

1.5 With this process and also the implementation of the process whereby members are advised by letter of business expected for the next meeting approximately a month in advance, the agenda will again be published as one document.

2. Finance Officer Comments

2.1 The Finance Officer was consulted on this report and has no comments to make.

3. Legal Comments

3.1 The Legal Adviser was consulted on this report and has no comments to make.
