PART 1 – INVITATION TO TENDER

1. INTRODUCTION

- 1.1 North London Waste Authority (NLWA) is the statutory waste disposal authority for the north London area covering the seven boroughs Barnet, Camden, Enfield, Hackney, Haringey, Islington and Waltham Forest (the Boroughs). NLWA's function is to arrange for the disposal of waste collected by the Boroughs.
- 1.2 Recyclables and organic (food and garden waste) collection services are also provided by the Boroughs. NLWA can, and does, organise the processing of recyclables and organic waste for boroughs, although they may also make their own arrangements. The Boroughs all collect the same range of materials.
- 1.3 NLWA and the Boroughs have developed a joint municipal waste management strategy The North London Joint Waste Strategy (NLJWS) which is adopted by all partners and sets targets to achieve a 50% recycling and composting standard by 2020. The current recycling rate for the NLWA area is 32%.
- 1.4 A separate waste prevention plan for 2016-18 has been produced to deliver on the prevention actions included within the NLJWS, namely to reduce the amount of waste north London residents (and businesses) throw away. This plan includes agreed funding for the delivery of an extensive waste prevention programme across the Boroughs. The programme is focussed on reducing waste arisings and includes intensive outreach activity such as attendance at summer events, delivery of roadshows, information stalls, and workshops as well as media engagement and advertising. An addendum to the 2016-18 plan has also been agreed, to extend the programme of work through to 2018-20.
- 1.5 A summary of the waste prevention activity delivered in 2016-17 can be found at http://nlwa.gov.uk/media/1462/2565-123-nlwa-annual-report-2017_final_sec2.pdf The full programme period for 2018 -2020 is from 1 April 2018 until the 31 March 2020 and can be found at <http://nlwa.gov.uk/media/2422/13-waste-prevention-plan-2018-20-web.pdf>.
- 1.6 Some of the work which makes up the programme, such as face-to-face engagement, development of outreach material and tools, press activity and advertising and promotion will be delivered by NLWA and Borough officers. However, NLWA is seeking to appoint a Contractor to deliver elements of the work programme set out in this document to complement the work that NLWA and Borough officers deliver.
- 1.7 Bidders are invited to submit a bid for the provision of the third London Upcycling Show in North London (the Services), as set out in this Invitation To Tender (ITT) and the Scope of Services. The Contractor is required to organise and deliver an upcycling competition in the run up of the exhibition and a one day exhibition on Sunday 18 November 2018 as part of European Week for Waste Reduction (EWWR), as set out in the Scope of Services.
- 1.8 The Contract will be awarded on the basis of the most economically advantageous bid as determined by NLWA in accordance with the evaluation criteria set out in this document.
- 1.9 Bidders should note that the successful Contractor will be required to agree the details of the Data Protection Form which is attached to this ITT at Schedule 6 and will be appended to the Contract Conditions at Schedule 5.

6. EVALUATION OF ITT RESPONSES

- 6.1 All tenders submitted will be checked for completeness in respect of the documentation set out in paragraph 2.1. Please ensure that you compile and submit all the documents set out in paragraph 2.1 together with your ITT response. Failure to do so may result in your tender being disqualified.

6.2 A suitability assessment will be carried out first using the selection criteria in Table 3 to determine whether a bidder meets the minimum standards of NLWA on suitability and capability to provide the services. Any bidder that is awarded a “Fail” in the suitability assessment evaluation will be disqualified. To pass the suitability assessment on experience of the organisation, a bidder must score a minimum of 25 for each contract example. Any bidder that fails to achieve the score of 50 will be disqualified.

6.3 The submission on experience of the organisation should include two contract examples demonstrating the relevant experience of the organisation submitting the tender. Scores will be awarded for each of the two of contract examples up to a maximum total mark of 100 for all the contract examples. Scores will be based on the scoring mechanism in Table2 below.

It is essential that the contract examples should demonstrate the following experience in:

- (i) delivering awareness raising projects within the sustainability sector.
- (ii) running competitions within the sustainability sector
- (iii) running exhibitions within the sustainability sector
- (iv) working with diverse community groups
- (v) working with the third sector

Please note that NLWA reserves the right to request references when evaluating the contract examples to resolve any ambiguities about the submission by a bidder on the contract examples.

Table 2: Scoring Mechanism for Contract Examples:

Score	Criteria for awarding score to tenders
50 – 41	Proposal exceeds NLWA’s requirements
40 – 31	Proposal fully meets NLWA’s requirements
30– 21	Proposal does not fully meet NLWA’s requirements
20–11	Proposal contains significant weaknesses
10- 0	Proposal fails to meet NLWA’s requirements

6.4 The bidders meeting the minimum standards after the suitability assessment will be evaluated next. The tenders will be evaluated on the basis of a quality criterion with a 70% weighting and a cost criterion with a 30% weighting. The total cost and quality scores of each bidder will be combined to form a bidder’s overall tender score.

6.5 NLWA will select a bidder on the basis of the ‘most economically advantageous’ tender that achieves the highest total combined quality and cost score on the basis of the criteria set out in Tables 4.

6.6.2 Each method statement must be typed in single spacing and Arial 11 point font, left justified and must not exceed two (2) A4 pages (excluding attachments). Attachments and supporting documents should be limited to six (6) A4 single sided pages or three (3) A4 double sided pages. Each method statement must be submitted on a separate sheet. Schedule 3 has no page limit.

6.6.3 The scoring methodology for each method statement and Schedule 3 will be as set out in Table 5 below.

Table 5: Scoring Methodology

Score	Criteria for awarding score to tenders
0	Completely fails to meet required standard or does not provide a proposal
1	Proposal significantly fails to meet the standards required, contains significant shortcomings and/or is inconsistent with our requirements
2	Proposal falls short of achieving expected standard in a number of identifiable respects
3	Proposal meets the required standard in most material respects, but is lacking or inconsistent in others
4	Proposal meets the required standard in all material respects
5	Proposal meets the required standard in all material respects and exceeds some or all of the major requirements

6.6.4 The quality points will be calculated using the following formula:

6.6.5 $\text{Score Achieved} / \text{Maximum Score Available (5)} * \text{Total Evaluation Points Available (100)} * \text{Weighting (\%)}$

Example Quality Point Calculation for two method statements:

Bidder	Method Statement 1 (Approach to delivery)		Method Statement 3 (Approach to impact measurement and evaluation)	
	Score	Points Calculation	Score	Points Calculation
A	2	$2 / 5 = 0.40$ $0.40 * 100 \text{ points} = 40$ $40 * 25 \% = 10$	4	$4 / 5 = 0.80$ $0.80 * 100 \text{ points} = 80$ $80 * 10 \% = 8$
B	3	$3 / 5 = 0.60$ $0.60 * 100 \text{ points} = 60$ $60 * 25 \% = 15$	3	$3 / 5 = 0.60$ $0.60 * 100 \text{ points} = 60$ $60 * 10 \% = 6$
C	4	$4 / 5 = 0.80$ $0.80 * 100 \text{ points} = 80$ $80 * 25 \% = 20$	2	$2 / 5 = 0.40$ $0.40 * 100 \text{ points} = 40$ $40 * 10 \% = 4$

6.6.6 Bidders must score a minimum of two (2) points on each of the quality sub-criteria to pass the quality criterion. Failure to pass the quality criteria will be disqualified.

6.7 Cost Evaluation:

6.7.1 NLWA's maximum budget for the delivery of the Services is £25,000 per annum. Any proposals above the maximum budget of £25,000 will be disqualified and the tender will not be considered.

6.7.2 There will be a total of 30 points for the cost criterion. Please complete Schedule 2 and include a breakdown of costs detailing specific costs for sourcing and purchase of material including all disbursements and expenses.

6.7.3 The cost criterion which NLWA will use to evaluate that a tender is the most economically advantageous is set out in Table 6. Tenders will be scored on the basis of their deviation from the Benchmark as show in Table 6 below:

Table 6: Cost evaluation

Maximum budget		£25,000.00	
Benchmark		£23,000.00	
Deviation from Authority Total	Values between		
>5% less than the benchmark	£22,309	and lower	0
0% to ≤5% less than the benchmark	£21,850	£ 23,000	30
>0% to ≤5% more than the benchmark	£23,001	£24,149	20
>5% to ≤8.7% more than the benchmark	£24,149	£25,000	10
>8.7% than the benchmark	£25,000	and more	0

6.7.4 If there is a tie in the scores of two or more bidders NLWA will award the Contract to the bidder with the highest score under Method Statement 1.

PART 2 – ITT TERMS AND CONDITIONS

1. DISCLAIMER

- 1.1 The information provided in this ITT, including the information on which the ITT has been based, has been prepared in good faith but does not purport to be comprehensive nor to have been independently verified. Bidders should carry out their own due diligence checks and satisfy themselves on the accuracy of any information provided.
- 1.2 Neither NLWA nor its members, directors, officers, employees, agents or advisers make any representation or warranty as to, or (save in the case of fraudulent misrepresentation) accept any liability or responsibility in relation to the adequacy, accuracy, reasonableness or completeness of the information in this ITT or any part of it or with respect to any written or oral information made available to any interested recipient or its advisers. Any such liability or responsibility is expressly disclaimed.
- 1.3 Nothing in the ITT is, or shall be, relied on as a promise or representation as to the future. The information is only intended as an explanation of NLWA's requirements and is not intended to form the basis of any bidder's decision on whether to enter into any contractual relationship with NLWA. The information provided is not, nor is it to be taken as, the giving of investment advice by NLWA or any of its employees, agents or advisers nor is it an invitation or inducement to engage in investment activity.
- 1.4 NLWA does not undertake to provide bidders with access to additional information or to update the information in the ITT, but will provide bidders with additional information to which NLWA has access and which bidders may reasonably require in order to make their responses, provided, where applicable, a request for such information is made in accordance with the details contained in this document.
- 1.5 NLWA reserves the right to issue amendments or modifications to the ITT and/or ITT response documentation and/or timetable for the procurement process during the process. Any amendments to the ITT will be issued to all bidders simultaneously and responses will be assumed to take account of any such modifications and amendments (unless NLWA, acting reasonably, expressly indicates otherwise), and any such amendments or modifications will not necessarily lead to an extension of any stage of the procurement process. Under no circumstances shall NLWA or its employees, agents or advisers incur any liability whatsoever in respect of such matters.

2. BIDDER'S WARRANTIES

- 2.1 In making its response, the bidder warrants, represents and undertakes to NLWA that: All information, representations and other matters of fact communicated (whether in writing or otherwise) to NLWA by the bidder, its staff or agents in connection with or arising out of the ITT are true, complete and accurate in all respects, both as at the date communicated and as at the date of response; it has made its own investigations and undertaken its own research and due diligence, and has satisfied itself in respect of all matters (whether actual or contingent) relating to the tender and that it has not made its response in reliance upon any information, representation or assumption which may have been made by or on behalf of NLWA (with the exception of any information which is expressly warranted by NLWA); and it has full power and authority to respond to this ITT and to perform the obligations in relation to the Contract and will, if requested, produce evidence of such to NLWA.

3. CONTINUING APPLICATION

- 3.1 Part 2 (ITT Terms and Conditions) and part 3 (Guidance notes to bidders) of this ITT shall be deemed to be repeated at each and every stage of the procurement process up to and including award of Contract to any selected bidder and shall, for the avoidance of doubt, apply to all further information and documentation provided or made available as part of this procurement process.
- 3.2 Bidders must tell NLWA of any changes to the information they give. The certificates returned as part of the response and other stages of the procurement continue to have effect throughout the process.
- 3.3 If, at any time during the process, there are any changes to the information provided by bidders the bidder must advise NLWA as soon as practicable, even if its response has been submitted prior to the required date.
- 3.4 NLWA reserves the right to consider the effect of any changes and may request that a bidder re-submit their response so that it may assess the bidder's changed response to the ITT. NLWA reserves the right to impose conditions on, or disqualify any bidder who makes or suffers changes to any aspect of their responses, unless substantial justification can be provided to the satisfaction of NLWA.
- 3.5 By responding to this ITT, all bidders shall be deemed to have consented to future changes in any other bidder's contracting structure, consortium structure or membership. NLWA will assess the effect that any changes may have on those bidders continuing to be included in the procurement process and will take the steps necessary to ensure NLWA meets its legal and procurement obligations.

4. CONFIDENTIALITY

- 4.1 For the purposes of this procurement "NLWA Confidential Information" means all information (written or otherwise) provided by NLWA to bidders in the course of their involvement in all or any stages of the procurement of the Contract, including without limitation the information contained in this ITT and other documents, other information provided to bidders whether orally or in writing, including any draft or final documents issued by NLWA, or information learnt by the bidder through its participation in interviews or meetings with NLWA.
- 4.2 For the avoidance of doubt, however, NLWA Confidential Information does not mean information which the bidders can prove to NLWA's reasonable satisfaction is in or subsequently enters the public domain (other than as a result of a breach of this obligation), or information which is necessarily disclosed pursuant to a statutory obligation.
- 4.3 NLWA Confidential Information is made available on condition that it is treated as confidential by the bidders and its advisers or sub-contractors and is not disclosed, copied, reproduced, distributed or passed to any other person at any time except as part of developing a response to NLWA.
- 4.4 During the procurement period, bidders may disclose to NLWA information which they would like to keep confidential ("Bidder Confidential Information"). NLWA will not disclose Bidder Confidential Information communicated as such to it by any bidders, subject to the provisions of this ITT and in particular paragraph 5.

4.5 Bidders must be aware that at key stages in the procurement of the Contract, NLWA may be obliged to disclose detailed information relating to responses and make available for inspection the key Contract documents to its advisers, Constituent Boroughs and other public sector bodies for the purposes of advancing the procurement.

5. THE FREEDOM OF INFORMATION ACT 2000 (“FOIA”) AND THE ENVIRONMENTAL INFORMATION REGULATIONS 2004 (“EIR”)

5.1 NLWA is subject to the provisions of the FOIA and the EIR. The FOIA and EIR provide a general right of access to information held by public authorities.

5.2 The FOIA and EIR provide for information to be exempt from the general right of access in certain circumstances, for example where the information has been provided in confidence, is a trade secret, or where release would or would be likely to prejudice commercial interests. NLWA has to comply with its statutory duties and if information is requested NLWA will be forced to disclose such documentation, irrespective of a bidder’s wishes, if it is not covered by an exemption under the FOIA or EIR. Please also note that the availability of some exemptions is subject to a test of whether the public interest lies in disclosing the information or keeping it confidential.

5.3 Bidders are required to identify any information contained in their response which they would prefer not to be released if a request under the FOIA or EIR is received. Requests for information to be treated as commercially confidential should accompany bidder’s responses and must include a clear and substantive justification (which NLWA is able to disclose) together with a time limit after or event which any such information may be disclosed. Bidders should make sure that any information that they consider commercially confidential is clearly marked as such (preferably by marking each relevant page of the document “Commercially Confidential”). Bidders should be aware that a response that indicates that all of the information provided within that response is confidential, without a clear and substantive justification, is unlikely to satisfy the requirements for an exemption under the FOIA or EIR.

5.4 If NLWA receives a request under the FOIA or EIR for the release of information which has been provided by a bidder, NLWA will use reasonable endeavours, if practicable, to consult with the relevant bidder where it considers that the requested information may include exempt information relating to that bidder. Where NLWA consults with the bidder, the bidder must respond to NLWA’s requests urgently, so that NLWA can comply with its obligation to answer a FOIA or EIR request within the relevant time limit.

5.5 The decision on what is, or is not, exempt information shall be determined by NLWA having considered the representations of the bidder. Bidders should note however, that ultimately the decision as to whether or not NLWA will have to release certain information may be made by a body other than NLWA. NLWA shall not be liable for any loss, damage, harm or other detriment however caused arising from any disclosure of information under the FOIA, EIR or other legislation governing access to information including but not limited to guidance notes and codes of practice issued by the Information Commissioner.

6. CANVASSING

6.1 Any bidder who, in connection with the procurement of the Contract:

6.1.1 offers any inducement, fee or reward to any member, director, officer, employee or agent of NLWA or any Constituent Borough, or any person acting as an adviser for NLWA;

- 6.1.2 does anything which would constitute a breach of the Bribery Act 2010 or under section 117 of the Local Government Act 1972; or
 - 6.1.3 contacts any of the persons referred to in paragraph 6.1.1 about any aspect of the Contract or its procurement, except as authorised in this ITT; may be disqualified without prejudice to any other civil remedies available to NLWA and without prejudice to any criminal liability which such conduct by a bidder may attract.
- 6.2 Where a bidder is also a sub-contractor to another bidder, whether at the time of the making of any submission or subsequently, then:
- 6.2.1 as a potential sub-contractor, they should advise the relevant bidder that they are also participating as a bidder and, where relevant, as a sub-contractor to another bidder; and
 - 6.2.2 care should be taken by all parties to ensure that any information passing between the relevant bidder and the sub-contractor relates solely to the construction of the relevant sub-contract and that any information provided by one party to the other is provided on a strictly “need to know” basis and in compliance with the provisions of this paragraph 6.

7. NON COLLUSION

- 7.1 Any bidders who, in connection with the procurement of the Contract:
- 7.1.1 fixes or adjusts the manner or context of its response by or in accordance with any agreement or arrangement with any other bidder or participant; or
 - 7.1.1.1 enters into any agreement or arrangement with any other bidder or participant that it shall refrain from participating in this procurement; or
